Widow 1

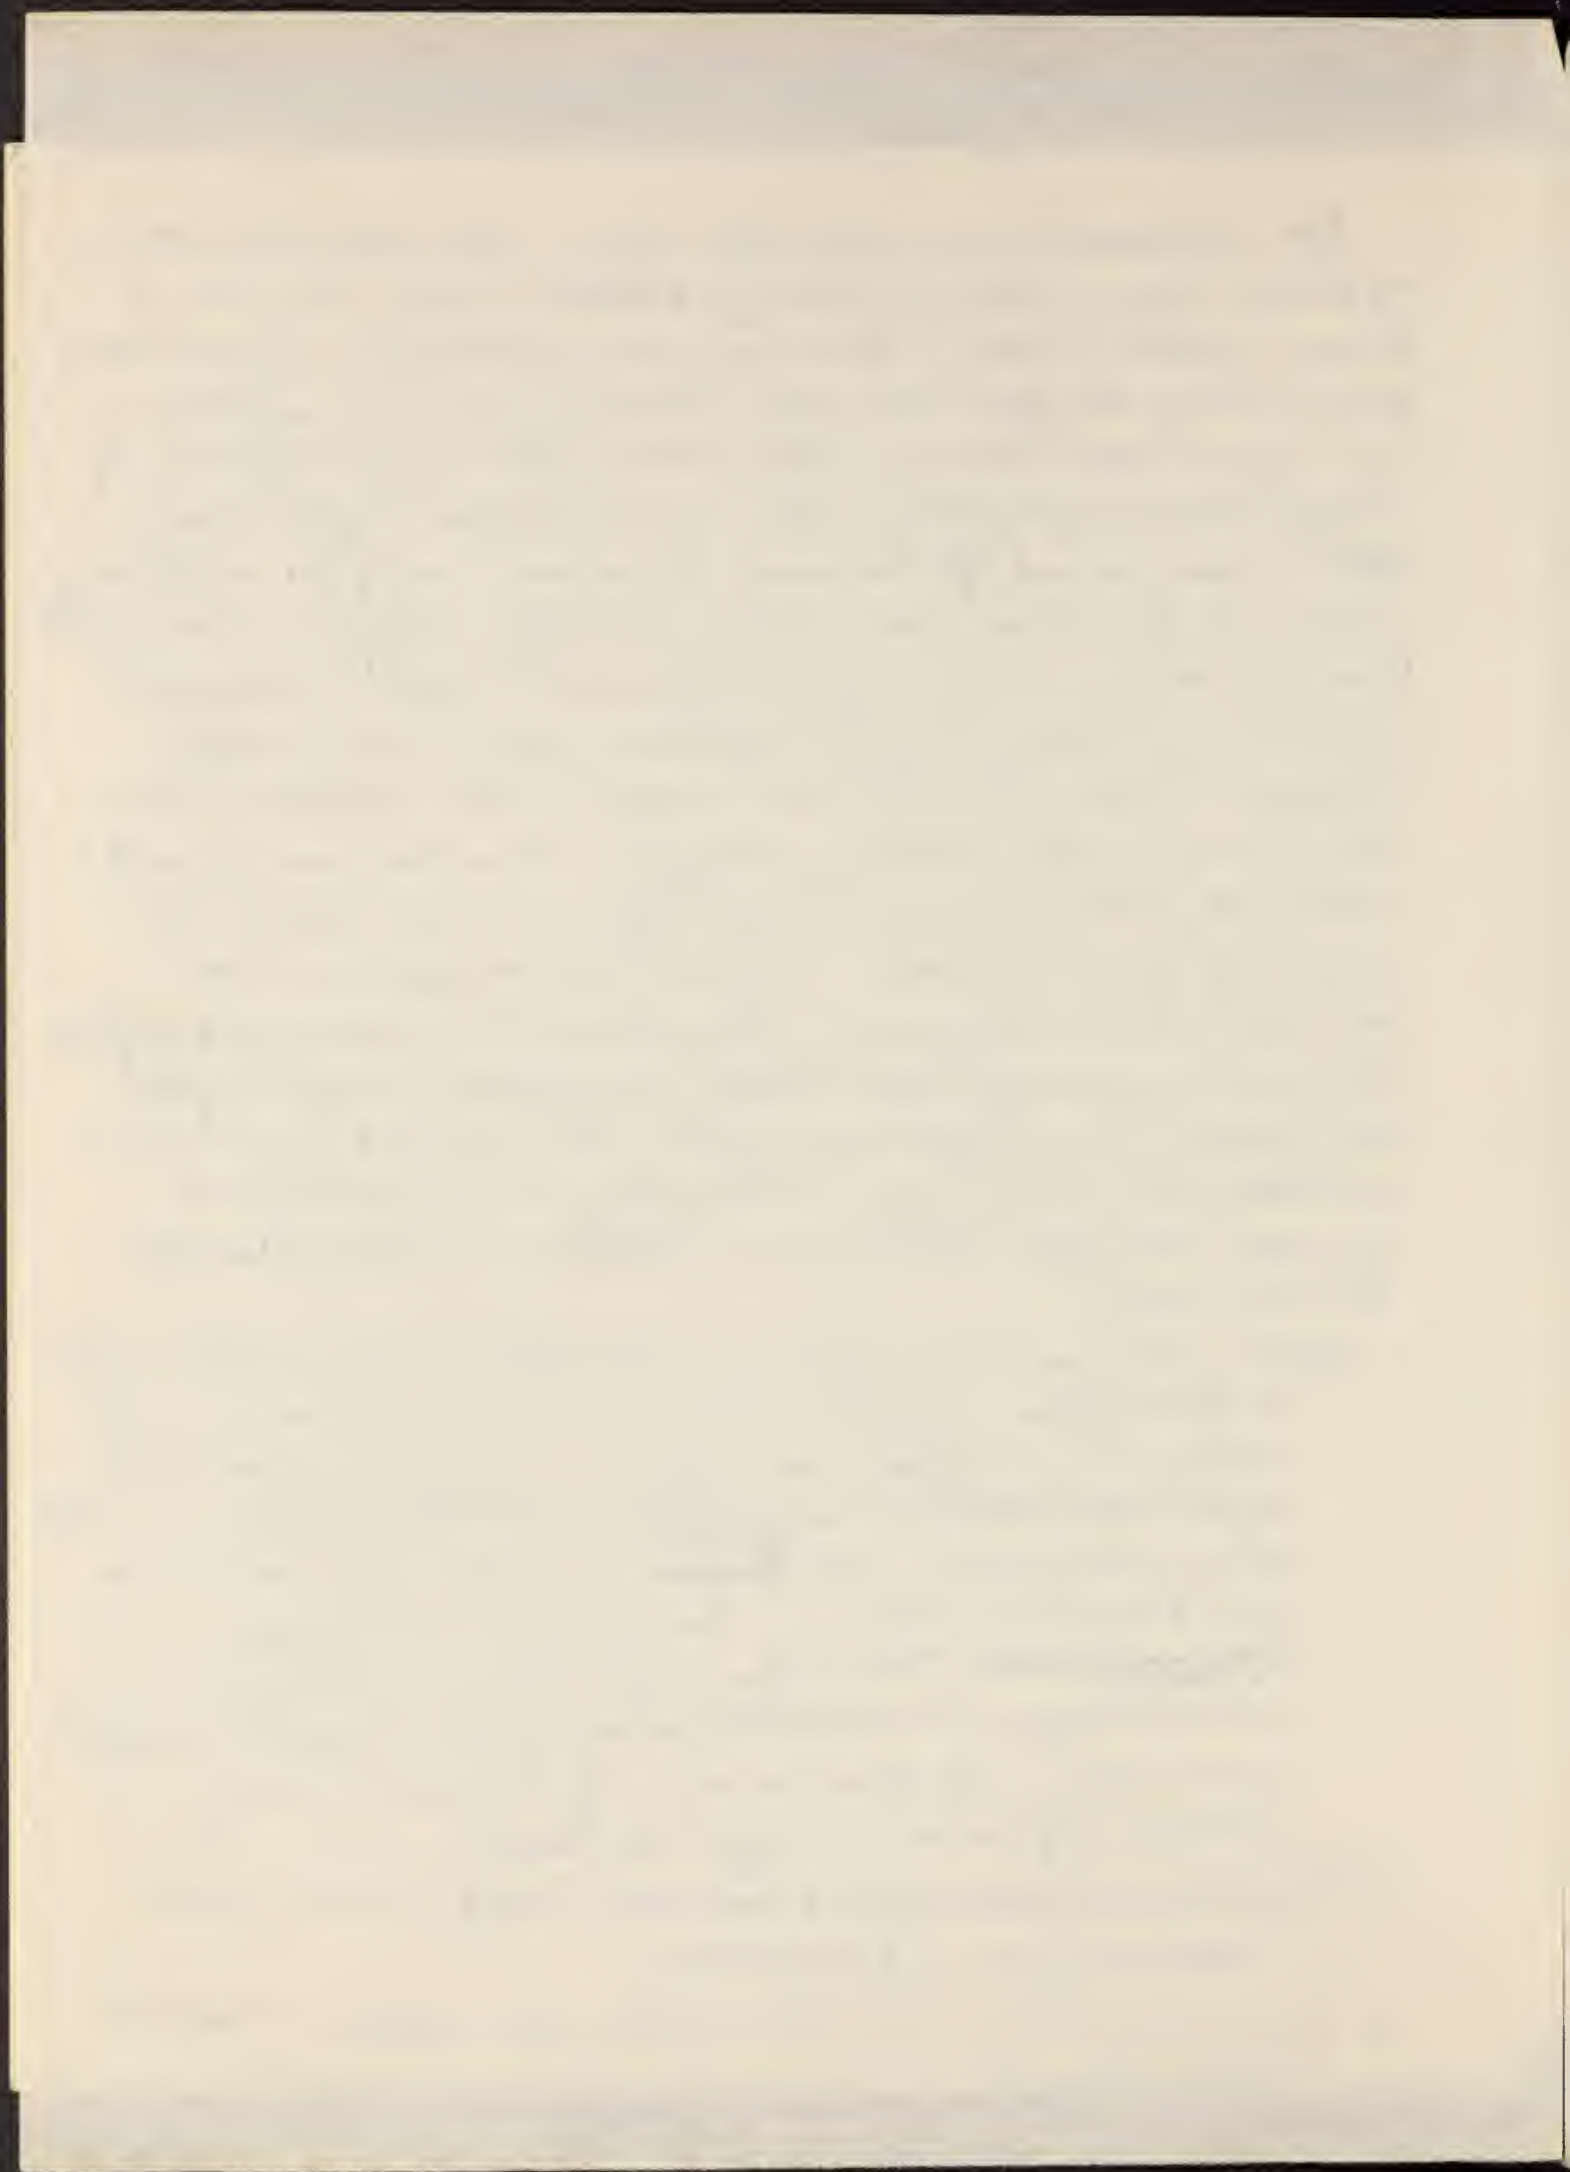

On land in the back concession

Wright Family
of Bath, Ont.

John Graves Simeoe Wright, born 1788, died 6 Aug 1854, of Cancer. He was then residing at Bath, where he was a farmer on lot 13 Conc. 1. He was very probably a grandson of the Widow Wright who, with 4 sons and 3 daughters, came from New York in Sept 1783 with Grass' party of displaced U. E. Loyalists. This is supported by the fact that he was named for Governor Simeoe, one of the military leaders of the Times. Mrs. Widow Wright settled in Kingston Township, where, in later years, Simeoe Wright's son John settled and died a short distance from Cataraqui Village. Simeoe Wright was buried in the Anglican Cemetery, as was his widow, Abigail. Mrs. Simeoe Wright continued to reside on the home farm until after the marriage of her son John to Miss Sarah Hagerman Oct 9, 1855. Her name appears in Clark's Diary and her daughter Mary Ann, who died Feb. 15, 1856, is recorded as of Kingston Township. Mrs. Wright died May 31, 1883, aged 83 yrs and 8 months, and was buried in Bath beside her husband. Simeoe Wright's children, as determined by Clark's Diary, were:

1. John, who married Miss Sarah Hagerman Oct. 9, 1855
In 1865 John Wright is shown as owner of land in lot 5, Conc. 4, Kingston Township. In 1878 he owned S.E. Q. of this lot (50 acres) as well as east half of lot 2 in the same concession. The ^{Daniel} ~~James~~ Wright who owned the S.E. Quarter of lot 4 in the same concession was ~~his son~~ ^{a brother}. Mrs. Cooke, wife of the market gardener at Cataraqui, is undoubtedly a daughter or grand-daughter, as she claims to be a cousin of children and grand-children of Edward Wright of Bath.
2. Archibald, drowned at Coloma, Calif., 13 May 1853, aged 26 years. (J.C.C. Diary)
3. Mary Ann, died in the Township of Kingston 15 Feb 1856 (J.C.C. Diary)

4. Daniel, married 29 Nov., 1856 Miss Fairbanks, both of the Township of Kingston. Directory of 1865 shows him as owning lot 1 cone 4 of this township.
5. Edward, born 1821, and died Dec. 6, 1910, was almost certainly another son. Tradition in his family states that he was a son of the man who owned lot 13 cone 1, Ernest-Town, in other words, a son of Simeon Wright. Edward married Jan 10, 1859, Miss Harriet Banks Williams of Adolphustown. At this time Edward is called merchant of Bath. His wife, a daughter of John Williams, was born in Savannah, Georgia. A short time later John Williams died there of yellow fever. In 1842 her mother and family moved to New York and about 1850 came to Adolphustown, bringing her children with her. Here she married Darius Gilbert.

Clark's Diary records the birth of two sons

1. born 4 Sept., 1860 — said to be George Frederick.
2. born 12 Sept., 1862 — ~~E. William~~

Two other children are known

3. Hedley
4. Melrose.

Mrs. Wright died in 1887. Edward died in Bath, as is stated in an obituary notice. His family state that he died in Madoc at the home of his son George Frederick. His store was located just west of the garage on the corner (N.W.) of Main and Church Streets.

Edward continued to own and live on lot 13 cone 1 in Bath. He sold it to Bob Stewart, a brother of his son Geo. Frederick's wife, who came from Flinton, Ont. Edward continued to live with Stewart until shortly before 1910, when he went to Madoc to live with his son.

There are no other known children of Simeon and Abigail Wright, although some of these (copied from Clark's Diary) might well belong to this family:

2. Mr. Horace Wright and Miss Fanny Lapish married 2 Oct 1842
3. Mr. Nathaniel Leonard and Miss Elizabeth Wright married 1 Jan 1845.
4. Rev. Alexander Wright, of the Township of Kingstons, having these daughters:
 1. Frances Brilla who married Barnabas Warburton 6 March 1860
 2. Phoebe Ann who married William Cavell 24 April 1860
 3. Ann, who married Samuel Randolph 24 Dec 1861 at Messrs. Purdy's, Ernesttown
 4. Robert Wright who married Hannah, daughter of Mr. John Dyfsworth, both of Ernesttown, 12 Sept 1862

Edward Wright's known children are

1. E. William, born 4 Sept 1860. He was a school teacher and when teaching at Flinton, Ontario, met a Miss Stewart, whom he later married. He graduated in dentistry and plied his profession in Madoc, later moving to Trenton. His son is likewise a dentist and practises in Kingston

Will was a medical doctor. He practised in New York, where he did very well, marrying Cornelia who had money. Dr. Will is dead and his widow continues to live in New York.

2.

Did Dean tell you that he and I had joined the newly-formed Chapter (local) of the Alberta Genealogical Society?

That was the fourth Thursday of April, and the same night I was requested as a "United Empire Loyalist", to address the next monthly meeting, on a subject of my own choosing.

So, during the next three weeks I sifted the (then) five volumes of my research for my family tree and my efforts to prove my entitlement to U.E.L. Assoc. membership, and prepared a nineteen-page (8½ x 11) typed and double-spaced "paper" for presentation to the next meeting, on 23 May 1974.

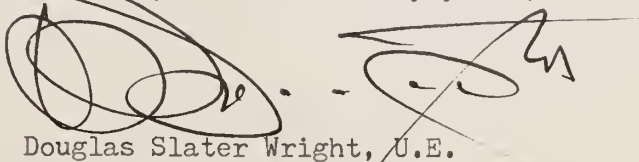

The paper was very well received indeed; I had entitled it "The Clark Wright Chronicle", and mentioned in it that I hoped that it would form the basis for a full-fledged history of the family, but certainly of the Wrights from the time that old "Deacon" Samuel Wright brought his bride Margaret Stratton over to Massachusetts from Kelvedon, Co. Essex, in 1636.

And while I think on it, I recall how you once told me in one of your letters that I had no proof that Seth Wright (of Lebanon, Connecticut) - (father of Uriel Wright) - had ever known Dr. Eleazer Wheelock who was the principal of the Indian Mission School attended by the young Joseph Brant. Would it interest you to learn that in the last Will and Testament of the said Seth Wright, he left to his son - later Doctor - Asahel Wright a book-debt of the good Doctor Wheelock for (I believe it was) 70 pounds Sterling, to help pay his way through medical college! ... I would say that Seth Wright and Eleazer Wheelock certainly did know each other!

Anyhow that is for the book, some day. And now, because I have several letters to type (sic) tonight, I'd better cut this one a bit close for now.

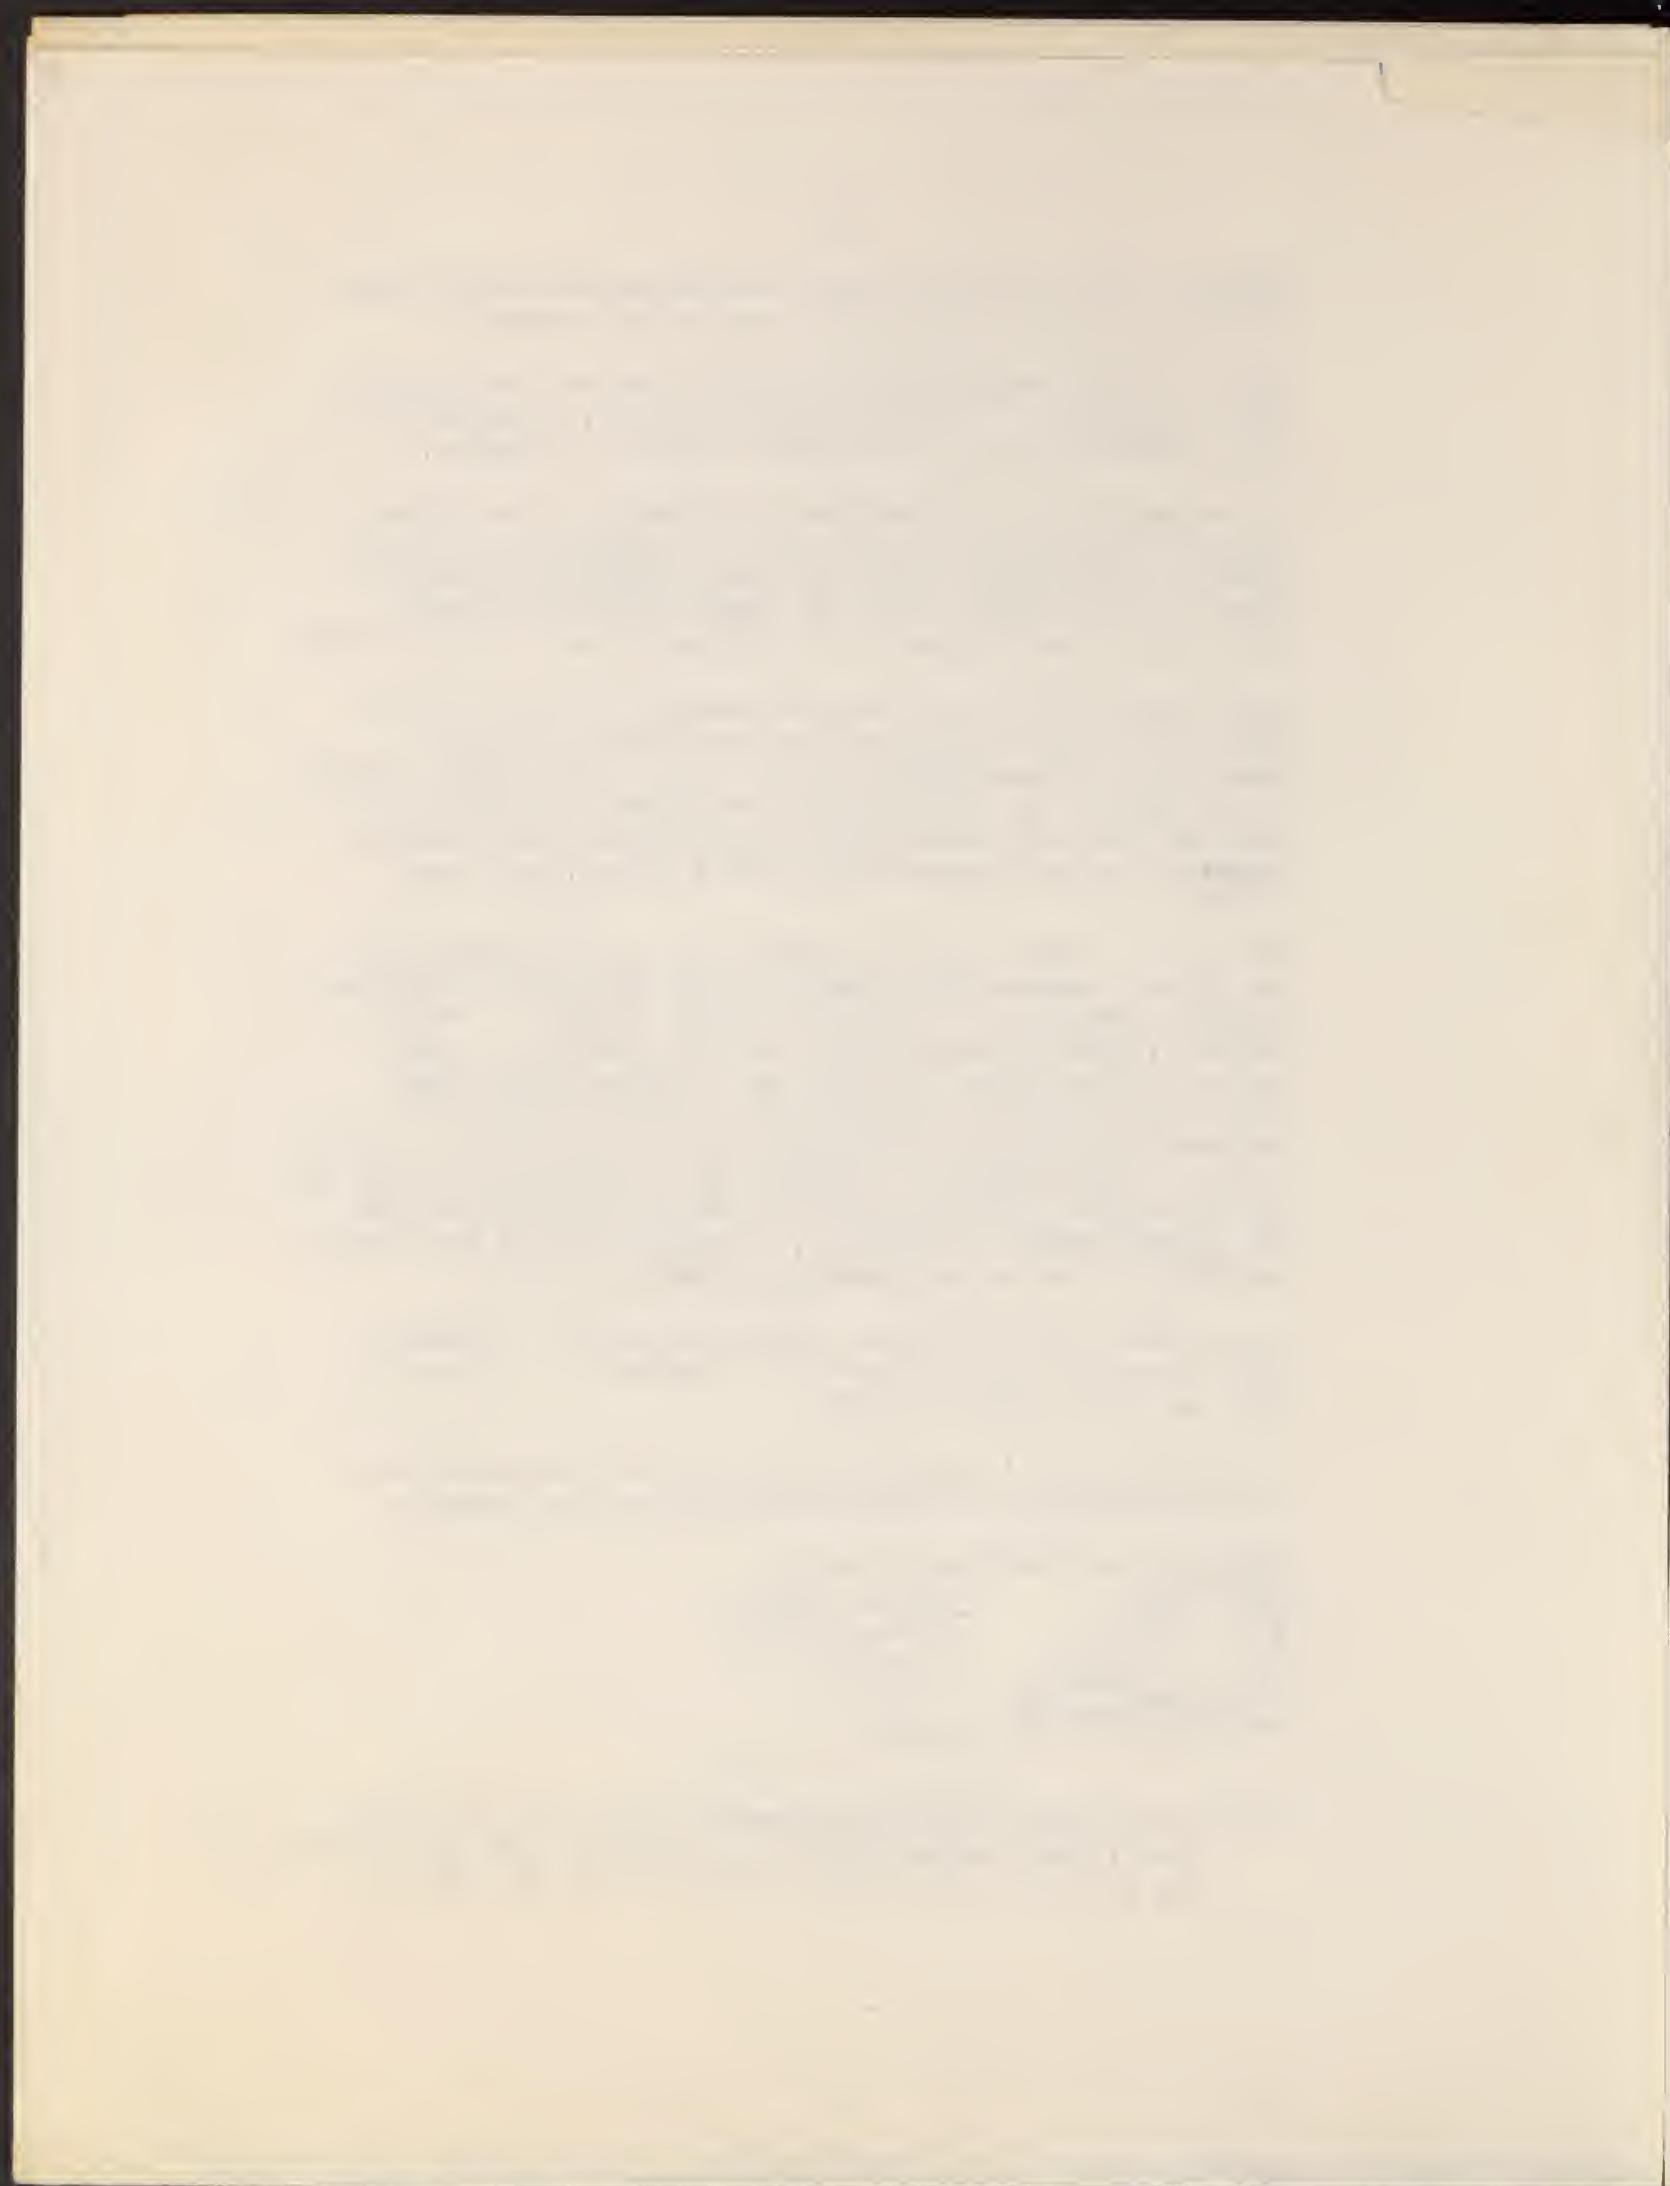

I hope that Susan's application will be accepted: she has all the makings of a very active member of the Branch!

Sincerely and fraternally yours,

also buried there (1801 -1870) along with his wife Gertrude Minaker must have been a cousin as he is a son of Paul Clark (p 247) which would make Dorland a son of Paul's brother Gersham for whom no descendants are listed. Do you know of any descendants of these people who are ancestor searching?

The Bay of Quinte area is extremely interesting geographically because many of the people came from Dutchess County which drew its population mostly from Long Island and you can see the family connections over and over. I mark the descent of all descendants of James Way of Long Island, (d. 1681) on the back of the family group sheets. A great many of the residents of the Bay of Quinte were descended from him, through their American ancestry or their Canadian.

I keep hoping that I will get down that way again. I always think of you when I am working on these families, and I enjoyed so much meeting you when I was East two years ago. How is your cat? Our new Siamese kitten keeps walking over the keys. I never thought I would like a Siamese but she is the sweetest most affectionate little thing. We have four other cats of assorted shapes and breeds and a coc-a-poo puppy who wishes she were a cat.

Dear Walter Benleigh

Thank you for your letter of 13 December last, which arrived Wednesday 17 December, having apparently "crossed" mine of 10 December.

Regardless of why you keep finding things that are of interest, I enjoy receiving them. So keep up the good work!

That was a very interesting item concerning Ted and his "to-be" membership in the "to-be" Branch of the M.E.L. Association. I was sixteen in 1932, and in October of that year I had entered "Fifth Term" (^{Senior} Upper Matriculation) at Kingston Collegiate (& Vocational) Institute.

We were living then at 81 King St. E — at the corner of Westland St. — and Ted was Mayor of the City

It must have been somewhat shortly thereafter that the Kingston Whig Standard published that series on the "Old Families of Kingston" that I've been trying to locate but without success.

Naturally I am interested in your efforts to possibly establish a M.E.L. Branch in Kingston, and if there is anything I can do please let me know. . . . And naturally I will respect your wish to keep your efforts secret: I will not even let Dean Babcock know unless you

²
I have already told them

Had a long letter from John Flemmen, my researcher in Connecticut, in which he sent me extracts from the correspondence between Dr. Oliver Wheeler (founder of Dartmouth College) and my great great grandfather Seth Wright of Lebanon, Conn. (father of Abiel who ended up in Kingston in 1814/15 and father of Clark Wright who was born here in 1817). Apparently Seth was the Howard for the College until his death in 1775, and he may have died of measles!

If you'd be interested in these family "papers" I'd be glad to Xerox the 3 pages of extracts for you - at no cost of course.

Please let me hear from you again soon, and let me know how your UEL efforts are progressing.

Sincerely and legally

Dear Doctor Burleigh:

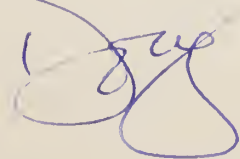

I have been attempting to locate an article that was
one of a series on "Old Kingston families" that had
appeared in the Kingston Whig-Standard sometime
in the "mid-thirties".

Apparently my "second cousin once removed", Ian
MacLachlan had spoken to you in this regard —
it concerned the Black Wight family — and you
had told him that you did recall such a series
and thought they'd been written by a "Mr. Williamson".

Further search has failed to turn up anything con-
cerning this article, and I now request your assistance
in helping to track down "Mr. Williamson", or a
copy of the article in question.

May I have the pleasure of hearing from you soon?

Sincerely, legally and fraternally,

Thank you again for your interest in my application, which I will soon re-write and submit again to your Branch Secretary.

Sincerely yours,

Douglas Slater Wright

P.S.

I have recently been advised by the Connecticut State Library that it has found the following in connection with my request for information concerning Seth Wright, whom I believe to have lived in Devon and Lebanon, Conn:

WRIGHT, Seth, S. Seth, birthdate 1 Jan 1755
(Lebanon Vital Records. 1:353)

WRIGHT, Seth, Capt, death 1775, age 49 y. Lebanon, Conn.
(Bible and Family Records. Col. 26:106)

Either of these could have been the father of Urial Wright as mentioned in my family Bible.

Dear Dr. Burleigh:

Thank you for your kind letter of 7 March, which arrived yesterday.

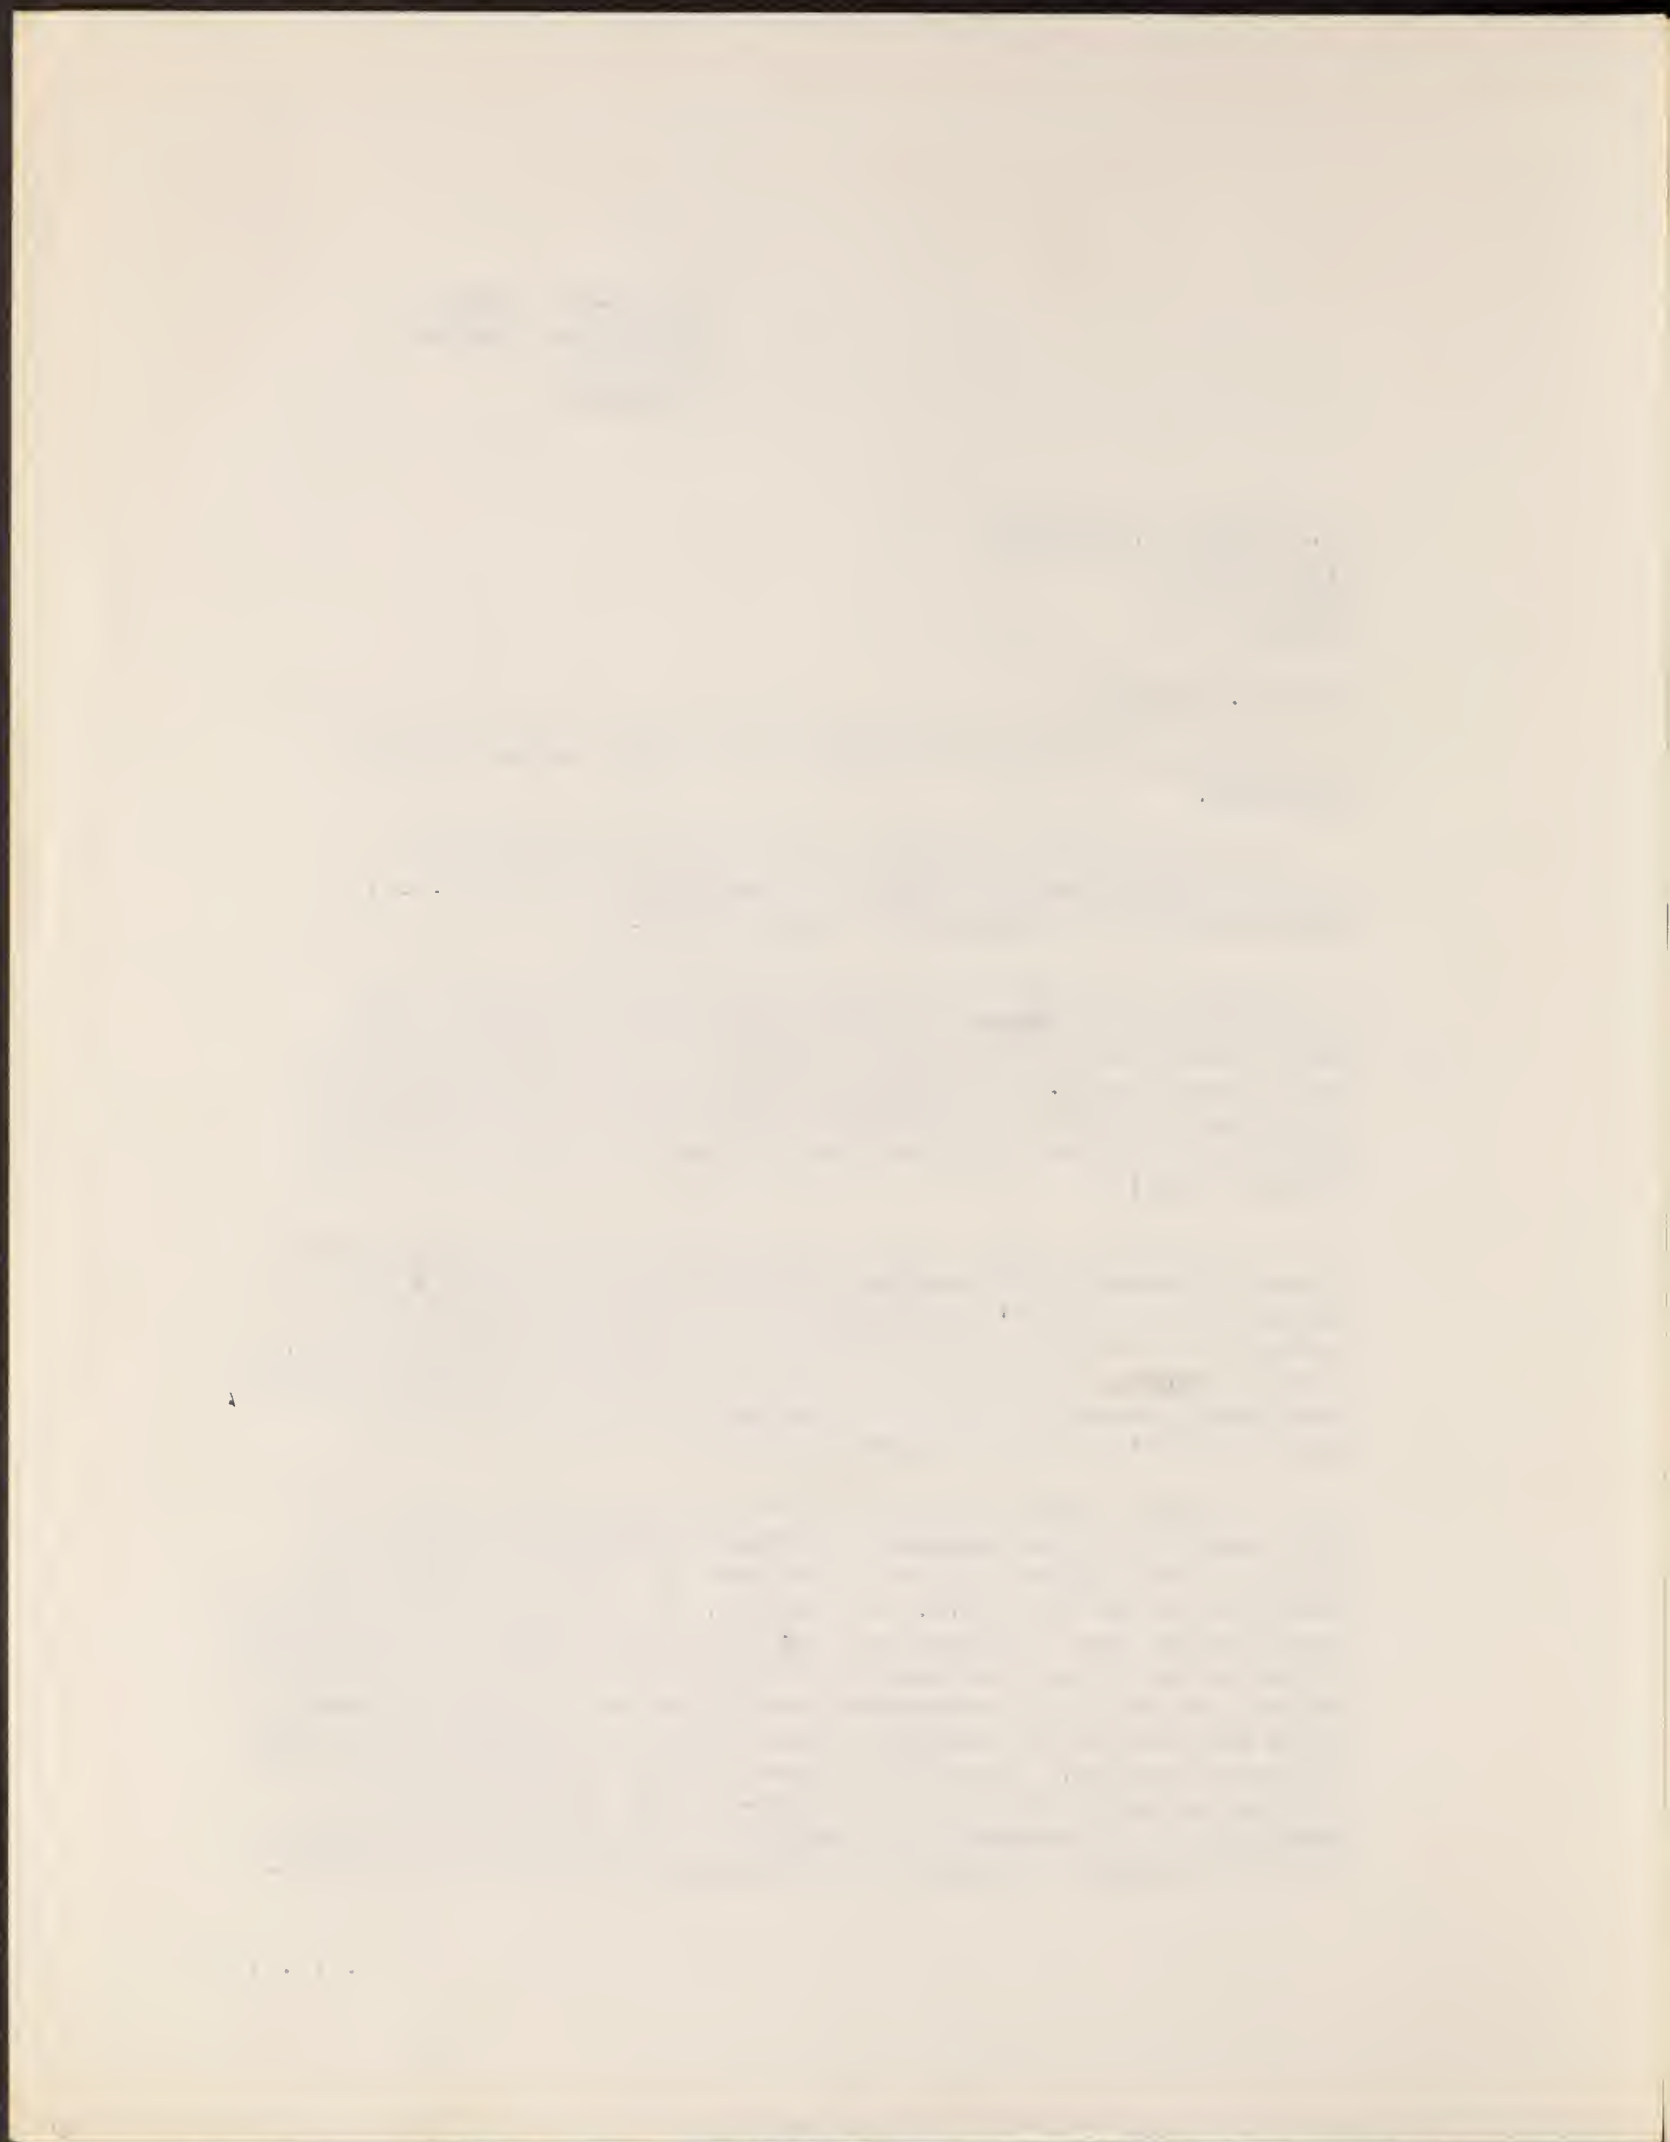

I am particularly grateful to you that you feel that I have "suitable grounds to apply for membership (in the U.E.L. Association) as a descendant of Aaron Brewer."

Since my last letter to you (19 Feb 73) I have received a photostat of the approved application for 200 acres of waste land by Margaret Worden, and am awaiting a copy of the original Deed, from Toronto. (Incidentally, the land, as advised to me, is Lot 3, Concession 9 of Loughborough Township, and my Township map (circa 1870) shows approximately half of that grant to be in Knowlton Lake!)

I am awaiting also a copy of the Will of Jarvis Worden, from either Frontenac County Registry Office or Toronto; this will, has mention of Jarvis' granddaughter Mary Elizabeth Richardson Harbeck and her husband Clark Wright who was my great-grandfather. I believe that I should have this tie-in to clinch my claim of descent from Aaron Brewer, through his son-in-law's (Jarvis Worden's) granddaughter's husband (Clark Wright).

You asked "where did you obtain your application form?" You will recall that last December the "Weekend" Magazine carried an article on "Joining", and the last-named of a series of Clubs and Associations was the U.E.L. Association. I wrote to its HQ in Toronto, outlining my case, and they sent me application forms for membership in the Association; they also sent copies of my letter to the Calgary Branch (nearest to my residence) and to the Bay of Quinté Branch, which resulted in my receiving applications for membership from each of those Branches! Naturally I chose the Bay of Quinté Branch, as being more representative of my hoped-for new friends in the Association and because of its nearness to the greater part of the work that would be entailed in establishing my right to membership.

with the two authorities quoted. When did you learn that
Aaron Brown was a M.E.L.?

I'm writing to the Public Archives, Ottawa, for a photostat of
Margaret Brown's grant of 200 acres of land under authority of
Order-in-Council dated 26 May 1806. I thank you very much
for that bit of information!

I didn't realize, before I received your letter today, that URIAL
and URIAH both look identical, though the first is URIAL
and the second is URIAH. Perhaps that is why there is no
mention anywhere of a URIAL but only of URIAH! In the
family BIBLE, though, both hand-printed and manuscripted,
it is URIAL.

Can you tell me the name of any present-day descendant
of ASA WORDEN, quartermaster M.P.P. (1810) for Upper Canada.
Do they still live in PICTON district? I'd like to find out
from such a descendant whether ASA was related to Jarvis Worden
- the one who married Margaret Brown.

Your listing of "New York State - Confiscations of Loyalists" p. 22
shows "WORDEN, John Charlotte Precinct ...

Dutchess County ... [jats down to the west of Connecticut!!]
... Cordwainer ... Indictment dated 12.10.6, judgement
dated 14.7.83. ... was he related to Jarvis Worden who
died in Kingston in 1802?

There's a Jarvis Worden under a headstone in New Brunswick
too, but apparently not the one in Kingston!!

Thanks again, Doctor Bourleigh, and I look forward
with interest to your next letter.

Sincerely yours,

T. J. G. (Douglas Slater WRIGHT)

1. As I noted before, James Worden may have been from N.B.
2. Re Aaron Brower — quote sons & Daus — Reid,
is on list at Kingston — an associated loyalist — likely came with Grass.

3. There is a write-up in Pioneer Life on the Bay of Quinte on the Wordens. A copy might be available in your library.
There does not appear any evidence of relationship between Asa & Jarvis, unless both came from N.B.
I know nothing of John. Come east & visit State Library of New York State in Albany. The records might be there.

4. Do not quote me as an authority. I merely point out to you where the proof is. Quote it, with a Xerox copy where available. This is your family record, and a century from now ^{will not be lost} they belong to your great grandchildren. All these records ^{will} be on file in the Branch & the Headquarters in Toronto.

5. This is not to say that you do not have other U.E. Ancestors. The Wrights & Wordens may well be loyalist descent. This just requires more search.
6. Photostatic copies, if possible, of Aaron Brower's will, should be attached. Whenever possible give source of statements. No guesses or assumptions.
 - a. Aaron Brower on U.E. List
 - b. St. George's Ch. Parish Register marriage James Worden & Margaret Brower
 - c. Margaret Brower's O.C. for 200 acres of land, dated
 - d. Proof of Mary Elzeth Harbeck's parentage. This should be in Syndic Office, Kingston

I feel that you can very well qualify from Baron Brewer and a copy of his will would be good evidence. Can also state that his name is on the U.C. list & that his daughter Margaret ^{200 acres of} deerp^{land} by Order-in-Council dated 27 May 1806. You have already noted her marriage to James Worden 1 June 1804

The Werdens, according to the Pioneer Life in Upper Canada, had been resident in Saspe but a later generation had settled in Connecticut where they became known as Rebels.

You need to try for a copy of the Warden Genealogy, or come east to the Eastern States where you might find the Genealogy already written, or hire someone to investigate it for you, along with other families, Wright, etc.

To whom did you apply for application form
had you wanted to join? & to what branch

Dear Doctor Boudreau:

It's been good to hear from you after all this time: I hope that you and I are now to be good friends.....

I received back my application for membership in the Bay of Quinte Branch of the U.E.L. Association, last Friday and after a first disappointment, I realized that "all was not lost"; more work is required on the information to accompany the application.

Today I received yours of 15 February, with its useful hints and information: if you remember — and I'm sending you a larger copy of the Wright "partial" genealogical table to remind you! — I had already pointed out that there were two men named Jarvis Warden mentioned in the Parish Register of Kingston, U.C. 1785-1811. I had also shown that Margaret Brown, who had married Jarvis Warden on 1 June 1804, was the daughter of Aaron Brown — but I did NOT know that Aaron was himself a U.E.L., as you have so kindly pointed out.

It appears to me, then, that as soon as I can receive a photostat of Jarvis Warden's will from the Frontenac County Registry office — in which he mentions his granddaughter Maria Elizabeth Richardson Harbeck, Clark Wright's wife — that my case should be complete. Getting together the proof of descent should not then be too difficult, as all the Wrights — from Clark ("The First") have been buried in Cataragui Cemetery, and the headstones there tell the whole story.

All the above I've shown on the appended "Table", together

Dear Mrs. Hart:

Thank you for your letter of 31 January 1973 (and its enclosures), received 5 February 1973.

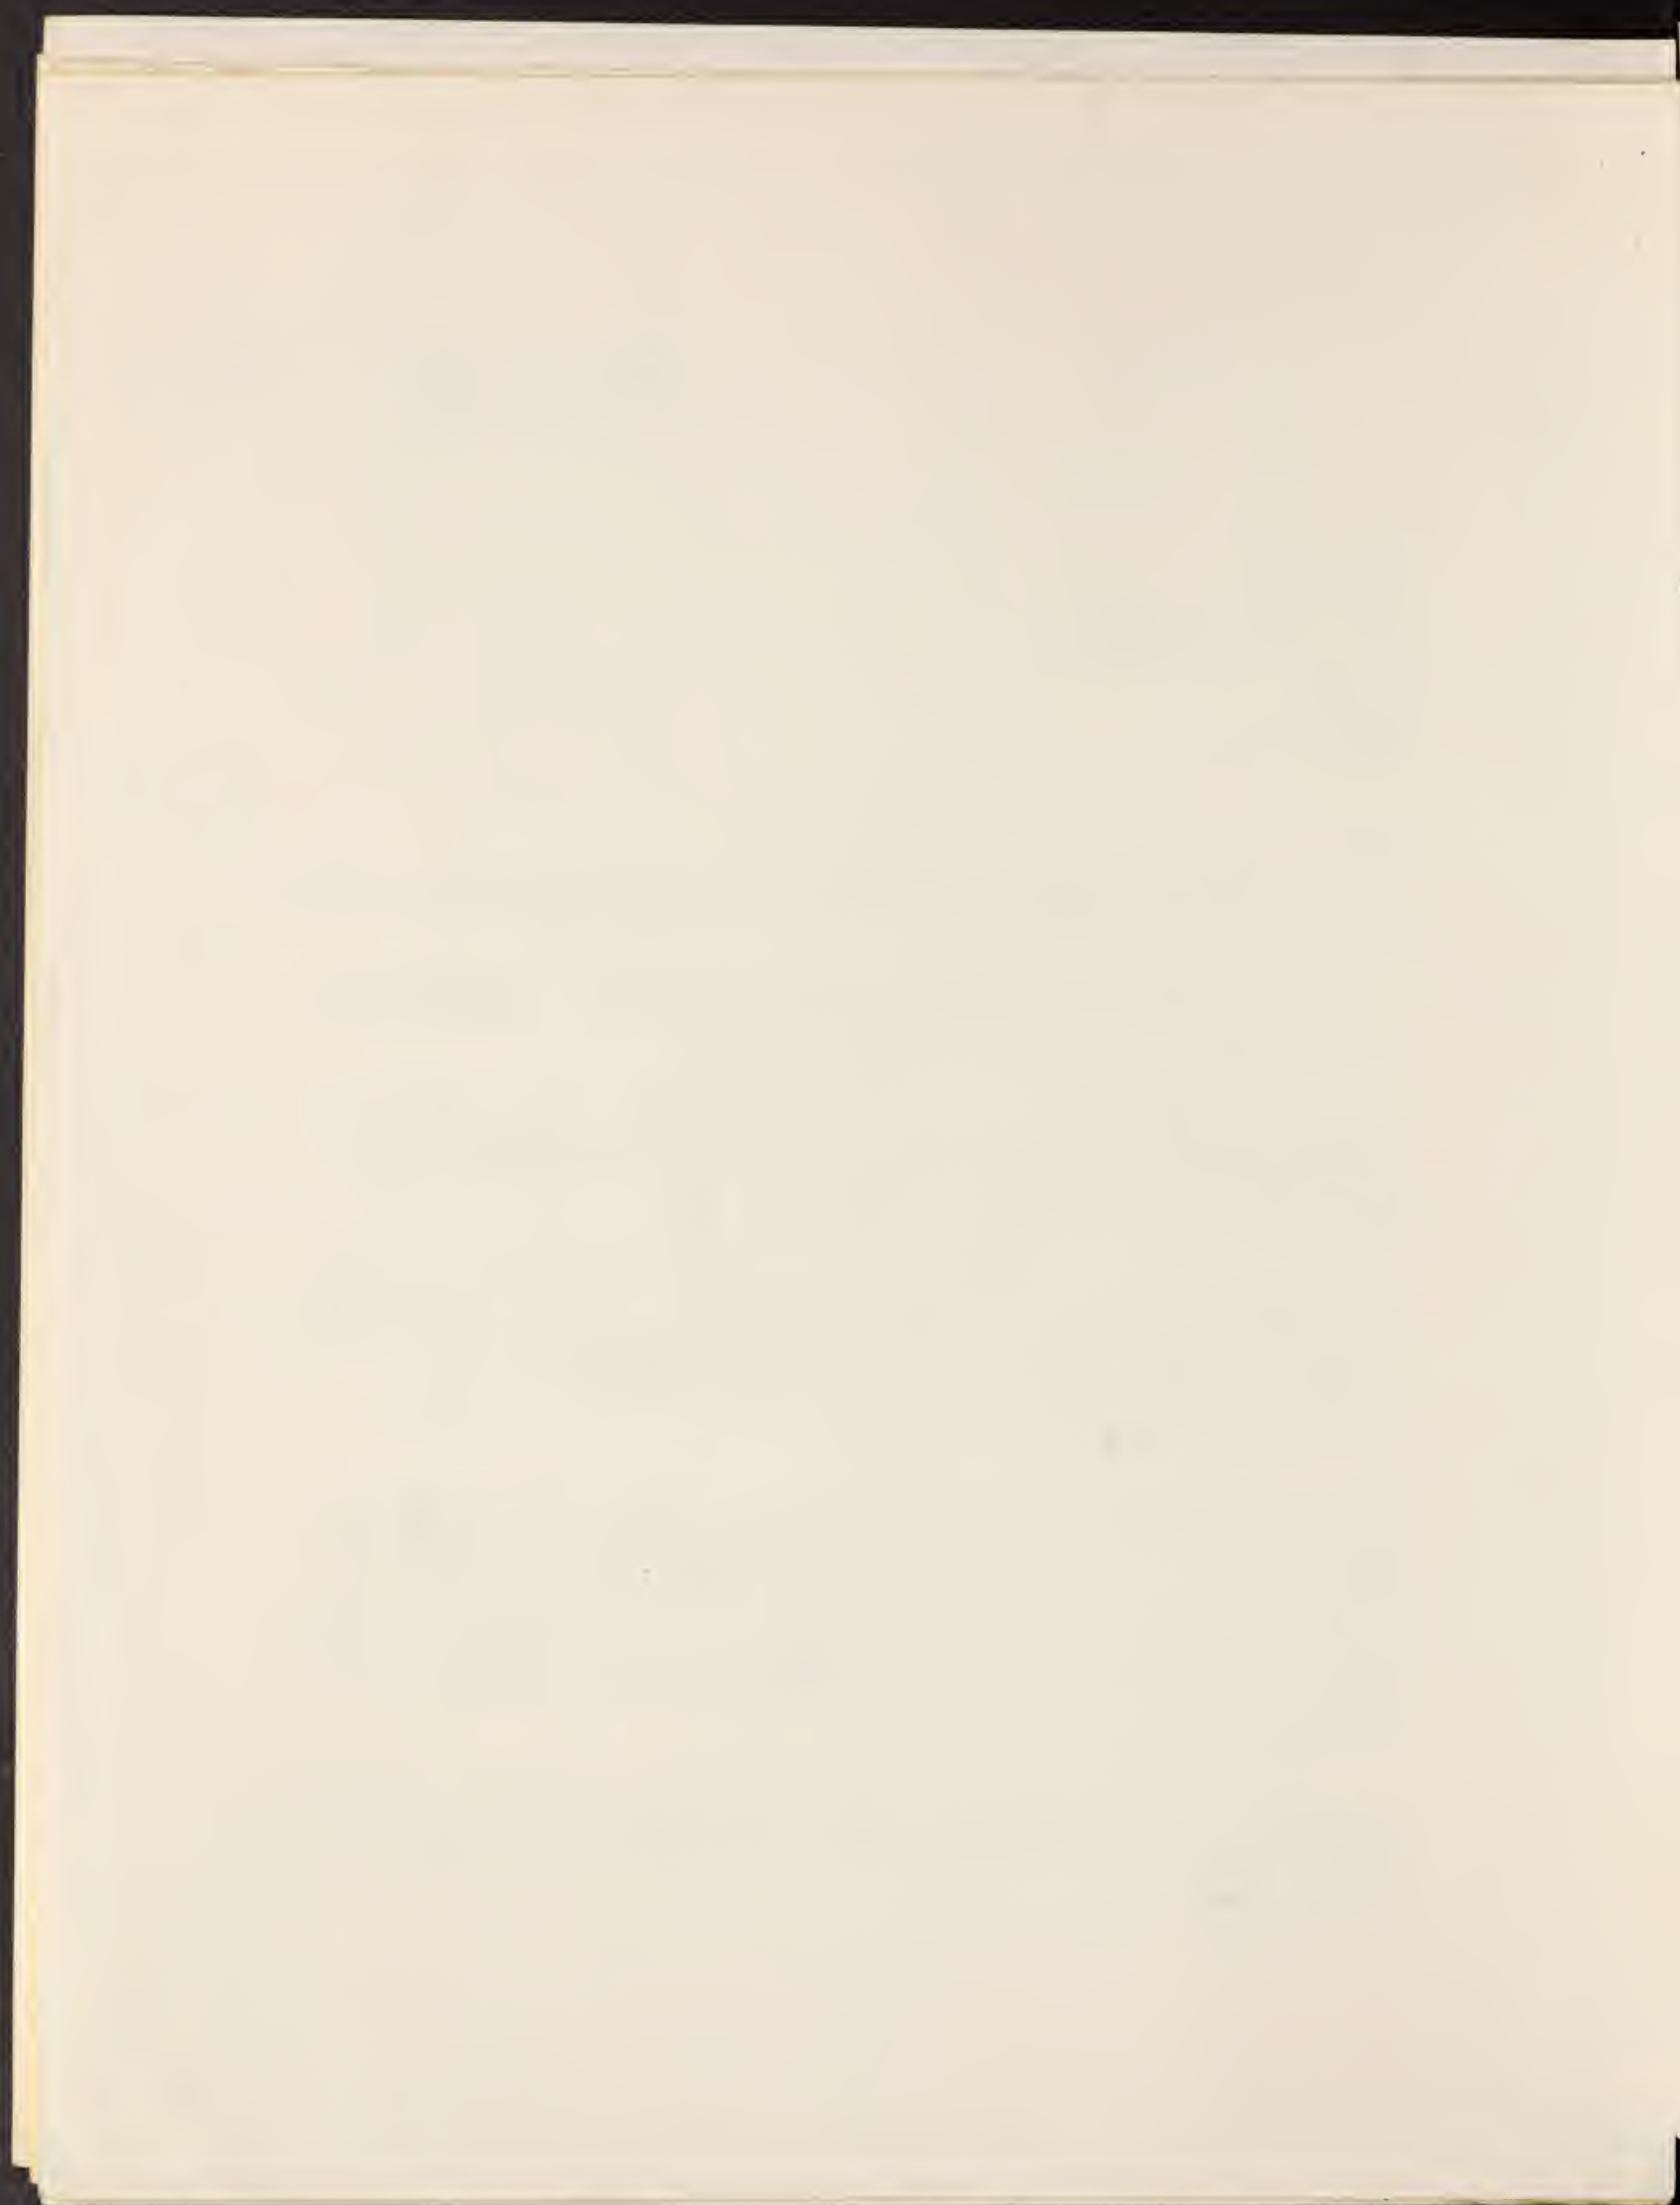

I have completed one copy of the U.E.L. membership application, to the extent that I have the information, and made two photostats, one of which I am enclosing with the original.

I also enclose a partial genealogical table of the Wright family, from which it will be noted that there is a possibility of the U.E.L. ancestry on both Seth Wright's (or Uriel's) side, and from Jarvis Worden (Senior or Junior).

A list of those to whom I have written for information is also enclosed. It will be noted from the "Remarks" column of this list, that I have not yet had any positive information, but that the mention of a Seth Wright in the New England Genealogical and Historical Register might be of some use, and I have therefore written to that Society yesterday.

From dated entries that appear in our Family Bible (printed in Glasgow in 1766) it would appear that Seth owned it until 1771 when he gave it to Uriel, possibly at Lebanon, Conn; and it next turned up at Little Falls and German Flatts in the Mohawk Valley N.Y. on August 3, 1777 which was the day of the siege of nearby Fort Stanwix and the ambush 2 days later at Oriskany. The next dated entry shows Uriel owning it on 2 June, 1800; probably in Kingston, because Clark Wright was born there in 1817.

This Bible is presently at the Crime Laboratory of the R.C.M.P. headquarters here in Edmonton, where it is undergoing a very extensive search for further hand-writing on its fly-leaves. To be seen with the naked eye are:

"Uriah Wright
His Book
Jany 10th 1771

Seth Wright late of Lebanon Devon"

and
"Jacoby N. Caston August

"Jacoby N. Caston August 5, 1777
Littlefalls
Anson Abbott
German Flatts"

and
"Snydu (?)
R. Bruce (?)
Richard Caston (or Cartwright?)
Command you may from"

The search centred on Connecticut when I discovered that there were both a "Devon" and a "Lebanon" in that State prior to the American Revolution, Devon being about 5 miles N.E. of Bridgeport, and Lebanon about 27 miles S.E. of Hartford.

Joseph Brant, who led the Mohawk Indians at the Oriskany ambush (6 August 1777) had, about 1740, been a pupil at Dr. Eleazer Wheelock's Indian Mission School in Lebanon, Conn., and it was therefore possible that Seth (or Uriah) Wright had met him there at that time, and later, in 1776 or 1777 when they were looking for a new home, thought of Joseph Brant, and headed west for the Mohawk Valley.

That is about the extent of my guesses in that connection; and in connection with the Jarvis Worden who was married in Kingston in 1804, neither he (nor his father? who died in Kingston in 1802) is the same Jarvis Worden whose headstone is located in a New Brunswick cemetery; this I have learned from Mrs. John H. (Helen Churchill Worden) Adams, U.E.L. of this city, who has kindly proposed my membership in the association.

If there is any further information forthcoming from my letters I will be happy to send it to you, and while I think of it, some further bits of information may be available through my older brother, George Clark Wright, of 111 Hill Street, Kingston.

Mr. Douglas Wright,

Edmonton, Alta.

Dear Doug.:

I know that you are going to be very angry at receiving a letter from me. I happen to be the Genealogist of our Branch of the U. E. L. Society. So, it is my job to decide if an application is acceptable, and proof given of Loyalist descent.

Therefore I am sorry to have to tell you that you have failed to prove your right to be classed as descendant of a Loyalist. This does not that you are not, but that you have failed to prove it. These are my several reasons:

1. The names of Seth or Urial Wright are not found on the authentic U. E. List. There was a Widow Wright in the Midland District (Kingston), but I can nothing further about her.
2. There is no evidence, up to 1825, that a Wright (Seth or Urial), or Worden or Aaron Brower, or Bower, ever lived in Kingston.
3. Until more is known of Urial Wright and Jarvis Brower (Power) and their connection with Clark Wright your case does not hold water, nor is there any evidence of Loyalist descent. Association with Loyalists, as in Little Falls, is not enough.

If I am right, you are far off the trail. You have given no proof of a connection between Lebanon, Conn., Little Falls, N. Y., and Kingston, Ontario. I can, however, make some very sensible suggestions. Here they are:

1. I have some records of St. George's Church, and do not find anything about the Wrights earlier than 1822. In that entry, the first to be found, there is marriage of these
James R. Wright and Sarah Wicott (Wycott) on 2 October, 1822.
Certainly nothing before that date.
2. Have a book in my library. It is called "The Loyalists of New Brunswick," by Mrs. Esther Clark Wright, of 407 Island Park Drive, Ottawa 3, Ont. I find in it two very revealing entries which might be clues for you. They are names of Loyalists settled in New Brunswick in 1783. Some of them, in later years, came to Upper Canada. Were they yours?
3. They are Uriah Wright, in N. Y. D. Company. He drew a lot no. P790, later settling in Queen's County, N. B.
Jarvis Worden, a mason, a sergeant in the King's American Regiment. He drew lot P1072.
The book will explain more of these entries.

I suggest search into these clues. But remember that many persons to whom you send queries will not do research except for a fee. Get in touch with Mrs. Wright and see what happens. I look forward to your success and your membership with us.

Loyally yours.

COMMISSIONER OF THE LAND OFFICE.

Your application for membership in the Bay of Quinte Branch U.E.L. has not been approved for several reasons.

1. The names of Beth + Unah Wright do not appear on the U.E. list. No did either of them apply for lands in the early days.
2. There is nothing to indicate when members of this family came to Kingston.
3. The same goes for Aaron Brown (Bower) or James Worden.
4. Until more is known about Unah Wright or James Brown and their connection with your Mark Wright there will be uncertainty + no evidence of your Loyalist claim.
5. Because of the above reasons I cannot approve of your application, nor it would do any good to forward it to the Dominion Genealogist for approval.

I might go on to say that I can see no evidence to connect these early people with Little Falls or German Flats. I feel that you are far off the true trail. If I may advise you as to further search I hope that you will listen.

There is no evidence in the St George's Church records of this family before 1813. In other words they must have come after that date. The only Wright entered in these records before 1828 was this marriage

James R. Wright + Sarah Wright (Wright) 2 Oct, 1822

Dear Dr. Burleigh:

It is many years since I last saw you, and discussed with you the return of a "medical" book published circa 1770, that I had loaned to you and the Bath Historical Society sometime about the year 1937.

You will recall that this book had been owned by an ancestor of mine, either Seth, or Urial Wright, who had been a doctor with the British forces in New York at the time of the American Revolution.

I will be pleased to hear further from you, and to mark off this book loan as "Returned" in the near future.

Sincerely yours,

Poem--loose clipping.

Fifty years ago today
A Solomon--not a King
Conquered all the other boys
And caught Azubah on the wing.

Azubah caught him "on the fly"
God bless her soul today!
He has often thanked his stars
That things turned out that way.

And now they're walking down the hill
Yet side by side they stay.
May they plod together still
To the eternal day.

And when the angels call them there
May they be side by side,
And he Azubah's husband be,
And she be Solomon's bride.

These lines were composed and read by John Ham, Esq., of Albany, N. Y., at a party given to celebrate their fiftieth anniversary.

WRIGHT

Mr. D. B. Wright,

Edmonton, Alberta.

Dear Doug:

I have received your letter of 21st ult. regarding your lost book. I can only repeat what I have said previously. I do not know where your book is.

I am sitting at my desk with my hand on a bible, and, having taken the oath, I make this true statement, every word of which is the solemn truth:

As you will remember, you brought your great grandfather's medical to me, as you considered that I might be interested in it. I was, not because it was a medical book, but rather because it was a memento from the past, and of a person who had lived in this vicinity.

You will also recall that you were moved from Bath without claiming your book. You will remember that shortly thereafter the War broke out, and that, within a few months, both you and I were in the Army. This was in 1940, and that six years were to pass before the peace. Somewhere when you returned to Canada you took no opportunity to communicate with me. It was years later before you challenged me to return the book.

Since that time I have searched my house from attic to cellar. I have, as yet, been unable to find your book. For this I am extremely sorry. I do not know where it is. I did not sell it or give it away. As far as I know it must still be in my house, unless it was stolen. I think of it often, and I keep looking for it with no result.

I sincerely feel that the fault is yours as much as mine. As for me, I am ashamed and very sorry, and I most sincerely wish that I had never known you. You keep accusing me of something that I did not do. I have no particular interest in your book, but I swear that I would never throw it away. This you must believe. If you felt the same, would you have given it to me and walk away so carelessly? Think man, think.

I have nothing more to say than that if this damned book ever turns up I shall send it to by registered mail. There is nothing for you to do except to sue me.

All this has been written under oath.

Yours sincerely, and regretfully

Doctor H. C. Burleigh, U.E.,
#507-33 Ontario Street
KINGSTON, Ontario

Dear Doctor Burleigh:

Your newsy note of 4 November last arrived yesterday, having been post-marked "4 December, 1975". I thank you for that letter and also for one post-marked 16 October, which I received 20 October, the day before the mail strike.

I am naturally curious about the article on the "Deacon" Wright family in the "Niagara Frontier Genealogical Magazine", but even more curious about the author, for either he or you or the "New England Register" of 1850 has got his signals crossed, as may be seen from the enclosed "Synoptic" Tree that I produced from my "Master" on receipt of your letter.

As you so aptly put it "I mention the above just to confuse you".

Could you let me have a xerox copy of the article in question?

All the best to all of you from all of us for Christmas and the New Year.

Sincerely and loyally,

Douglas Slater Wright, U. E.

"down in the dumps". I know that he is planning his trip to Kingston for April, and if his doctor advises him not to go, it will affect him very much. I hope to see him this week-end, but as winter returned yesterday with about 4" of snow, he may not trust his car to the winter driving conditions.

We are still looking around for potential members of a local branch of the U.E.L. Assoc. Ross Hickley phoned me this week and asked if I had any ideas; I had, and last night at our AGS meeting I asked for the names of any persons who were researching their families as U.E.L.s. I got the names of five persons, and I know there are others - who, due to last night's storm, did not get out to the meeting.

You were saying what a time you had sorting out the Buleys and Buleighs in the Bath district. I too, have that problem with the Wrights, and aside from the Clark Wright line. I've had practically no luck at all, even though I know that Clark's brothers and sisters all settled in the area, Odessa, through Beleville, to Stirling. Not only did his father's family settle there, but other Wrights too, and it's been so far - an almost thankless job to sort them out after four generations or so!

That's it for now, Doctor; write soon.

Respectfully,

Donna

Dear Doctor Burleigh:

Your letter of 18 February arrived 23 February; I have waited until today to answer only because I last night stepped down from the Presidency of the Edmonton Branch of the A.G.S. — and I have therefore something to write about.

I had the pleasure of nominating my successor who is German-born and a real fire cracker genealogically: the Branch will be in good hands!

Preparations for the Provincial Seminar and Annual General Meeting are now complete: it will be held in Edmonton on 27 March, next, and should be a good affair. I am toying with the idea of submitting a paper or two in the exhibition to be held in conjunction with the meeting.

Our new Editor (of "Relatively Speaking" — an (A.G.S.) quarterly-published) has asked me to do an article on "United Empire Loyalists" for an American newspaper that had written to him. Being reasonably-well qualified to do so, I have agreed, and he will therefore call on me tomorrow with the "prop from the paper"!

Dean B. phoned me Tuesday night to say that he was still expecting the results of tests made by his doctor, and I thought that he sounded quite
